Dino-Mite
Ages 3 to 8

Discover the world of dinosaurs as you excavate and identify fossils to learn how they were formed. Pose with Apatosaurus and T. rex bone models and visualize the creatures' immense proportions. Make a souvenir fossil with modeling clay.

Out of This World
Ages 6 to 12

In the out of this world party create your own lung powered rocket and launch it into space. Explore our solar system's planets. Learn about constellations while viewing some well-known ones within the party room! Create your very own Galaxy Goo to take home.

Flower Power
Ages 4 to 11

Discover the fascinating world of flowers. Learn how bees help flowers grow and how to do their unique dance. Make your own "flower bomb" to take home and find out the main ingredients needed to help the flowers grow.

Science Magic
Ages 7 to 12

Watch a variety of "magical" physical science demonstrations with liquid nitrogen and exploding balloons. Cool tricks teach concepts of chemistry, matter, physical and chemical changes. Make homemade silly putty while doing some experimentation of your own.

Seashore Celebration
Ages 4 to 8

Journey to the "beach" and get an up-close look at live, aquatic specimens like sea urchins and horseshoe crabs, while learning how these creatures have adapted to marine life. Examine shells, make fish prints and a dry aquarium.

Meet the Animals
Ages 3 to 12

A wildly popular party. Meet some of CSC's live residents (reptiles and arthropods), examine animal pelts and identify the tracks they leave behind. Be the creature with an animal mask you make to take home.

Birthday Party Hours

Saturdays 10:30 a.m. & 1:30 p.m.
Sundays 1:30 p.m.

CSC Weekend Hours
