

## Employer Matching Gifts

Each year hundreds of Catawba Science Center's supporters enhance their gifts with their employer's support. Many employers will support your efforts to improve the community by matching your charitable gifts. Ask your employer for a matching gift form.

If your employer is missing from the list, ask your company's community relations officer if they will participate in the employer matching program. Please notify us if your employer is missing from our list. Details vary with each employer, so check the rules carefully.
