

Young Engineers of Today

Fall 2014 Semester Hands-On Engineering Class

Become technology creators, not just consumers!

In collaboration with Young Engineers of Today, based in Charlotte, NC (<http://youngengineersoftoday.com>), Catawba Science Center will host an innovative program this fall for 5th graders through High School students.

Exciting, cutting-edge topics will include: **3D Printing, Bioengineering, Arduino, Nanotechnology**, and much more!

When: September 3 – December 22, 2014. Total of 48 contact hours.

Where: Lab meetings with YEOT instructors at Catawba Science Center every other Saturday and online webinars (from the comfort of your home) on Mondays & Wednesdays.

Who: 5th & 6th graders, 7th & 8th graders, and High School students

Cost: CSC members \$472; non-members \$492. 10% sibling discount. Payment plan option available: \$100 upon registration plus monthly payments. There are no scholarships available for this program.

An option for a Virtual Class ONLY is available Mon. & Wed at 7:00 p.m. or 10:00 p.m. (September 3 – December 22, 2014) Cost: CSC members \$348; non-members \$368. 10% sibling discount.
