Flower Observation Worksheet

Choose two flowers to observe. At least one of them should be a simple flower. Make a diagram each flower and label as many of the following parts as you can:

1. Sepals
2. Petals
3. Stamens
   a. Anthers
   b. Filament
4. Pistil
   a. Stigma
   b. Style
   c. Ovary

Flower 1

Flower 2

Describe the similarities and differences between your two flowers:
