

SCRAMBLE

An official 2025 North Carolina Science Festival event, among hundreds of community-based events that are showcasing STEM (science, technology, engineering, and mathematics) activities for the citizens of North Carolina. [Learn more at www.ncscifest.org](http://www.ncscifest.org).

CLUES

MORGANTON

- Start your hunt by getting a *card* at this amazing community building, filled with STEM resources galore - even puzzles to swap!
- **Toss** on a smock, it's time to be creative. Find this studio which offers *workshops, camps, art commissions* and more.
- Cheers to beverages brewed here! Find this **side** spot by the **tracks** to enjoy a pint and play some *pinball*!
- Spin, spin, spin the black circle! After finding this location, it will be time to drop the needle and **jam** out!
- Need a jolt to make it through the workday **grind**? Find brewed goodness at this **cafe**!
- Never **madd about hair** after an appointment at this location; Felecia knows her chemistry!
- Let your artistic side take the *wheel* while you search for science at this **gallery & studio**!
- Don't lose a grip on things, like **leashes**, that are important - find this spot that supports *man's best friend*.
- Slide into one of these community spots where ball playing, swinging, swimming, and climbing demonstrate physics principles galore! (Many possible signs to be found but only one playing card square can be filled for these *Parks & Recreation* locations - one may have a **mountain view**.)
- I scream, you scream, we all scream it's time for a **rolled** treat! If the day is particularly toasty, we will need to be quick so the treat doesn't melt.

FIND THEM ALL!

At each location, directions here will let you know how to prove you found the site! This QR Code brings you to this website to review the rules and regulations.
